RAISE – Multiple Choice

President - Broadway

How do you feel about providing more reliable and efficient transit on Fayette with a dedicated bus lane?

A. Great Idea- Transit should be prioritized in this area.
B. Good- If I know there are alternative routes, I can drive without additional travel time.
C. Unsure - Maybe if the dedicated lane was only in operation during certain hours of the day.
D. Bad Idea!– Vehicle traffic should be prioritized over transit in this area.

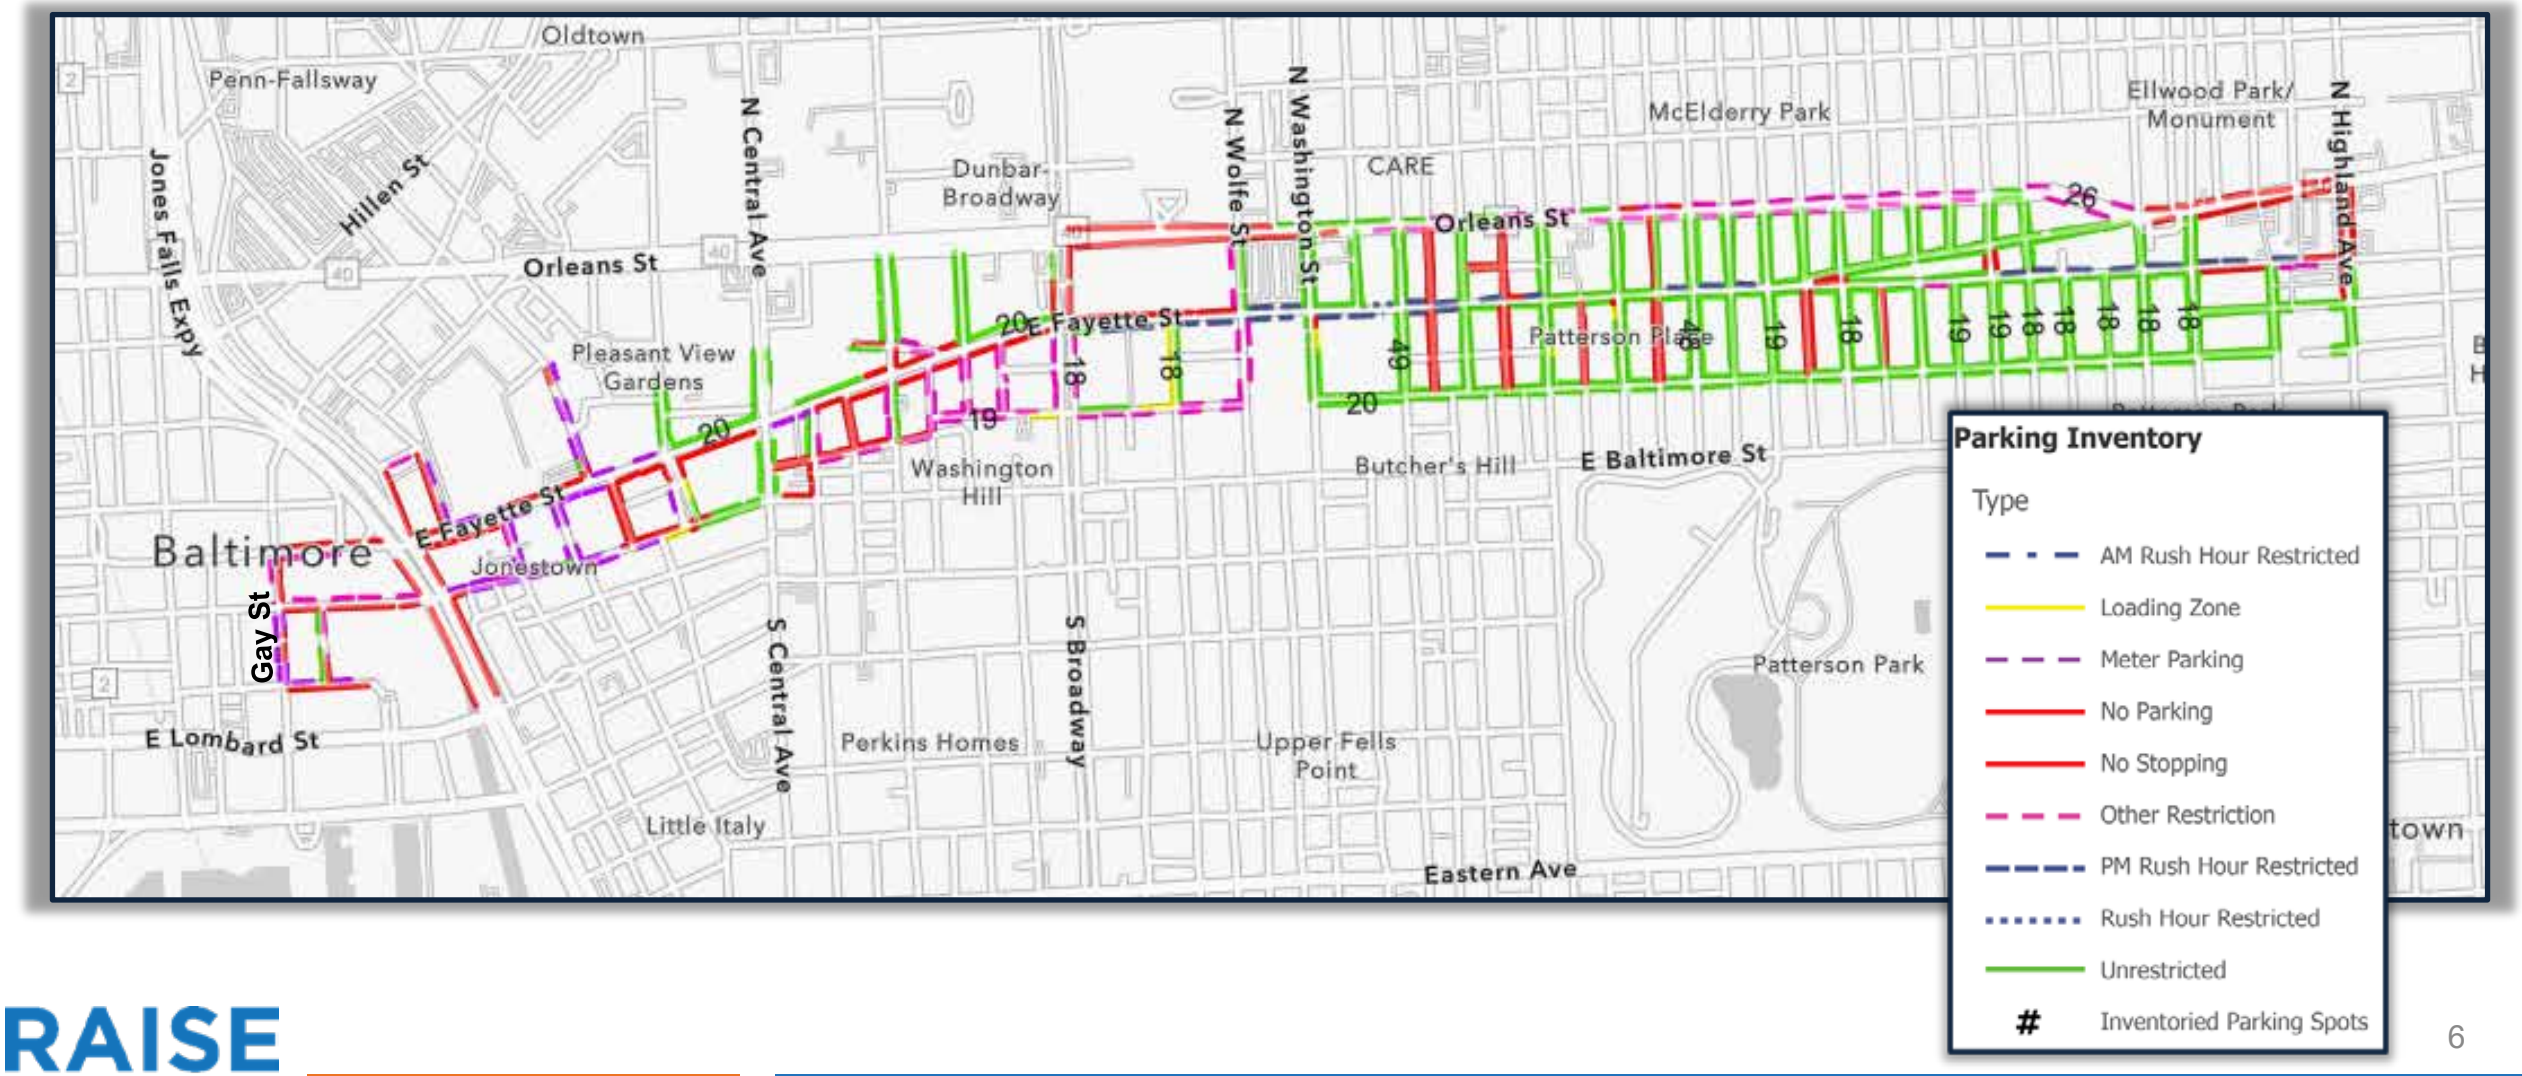
Sidewalk Comfort

Impacts of DBLs- Parking Inventory

Fayette Street from Gay Street to Highland Avenue



Parking Utilization

Broadway – Highland Ave.

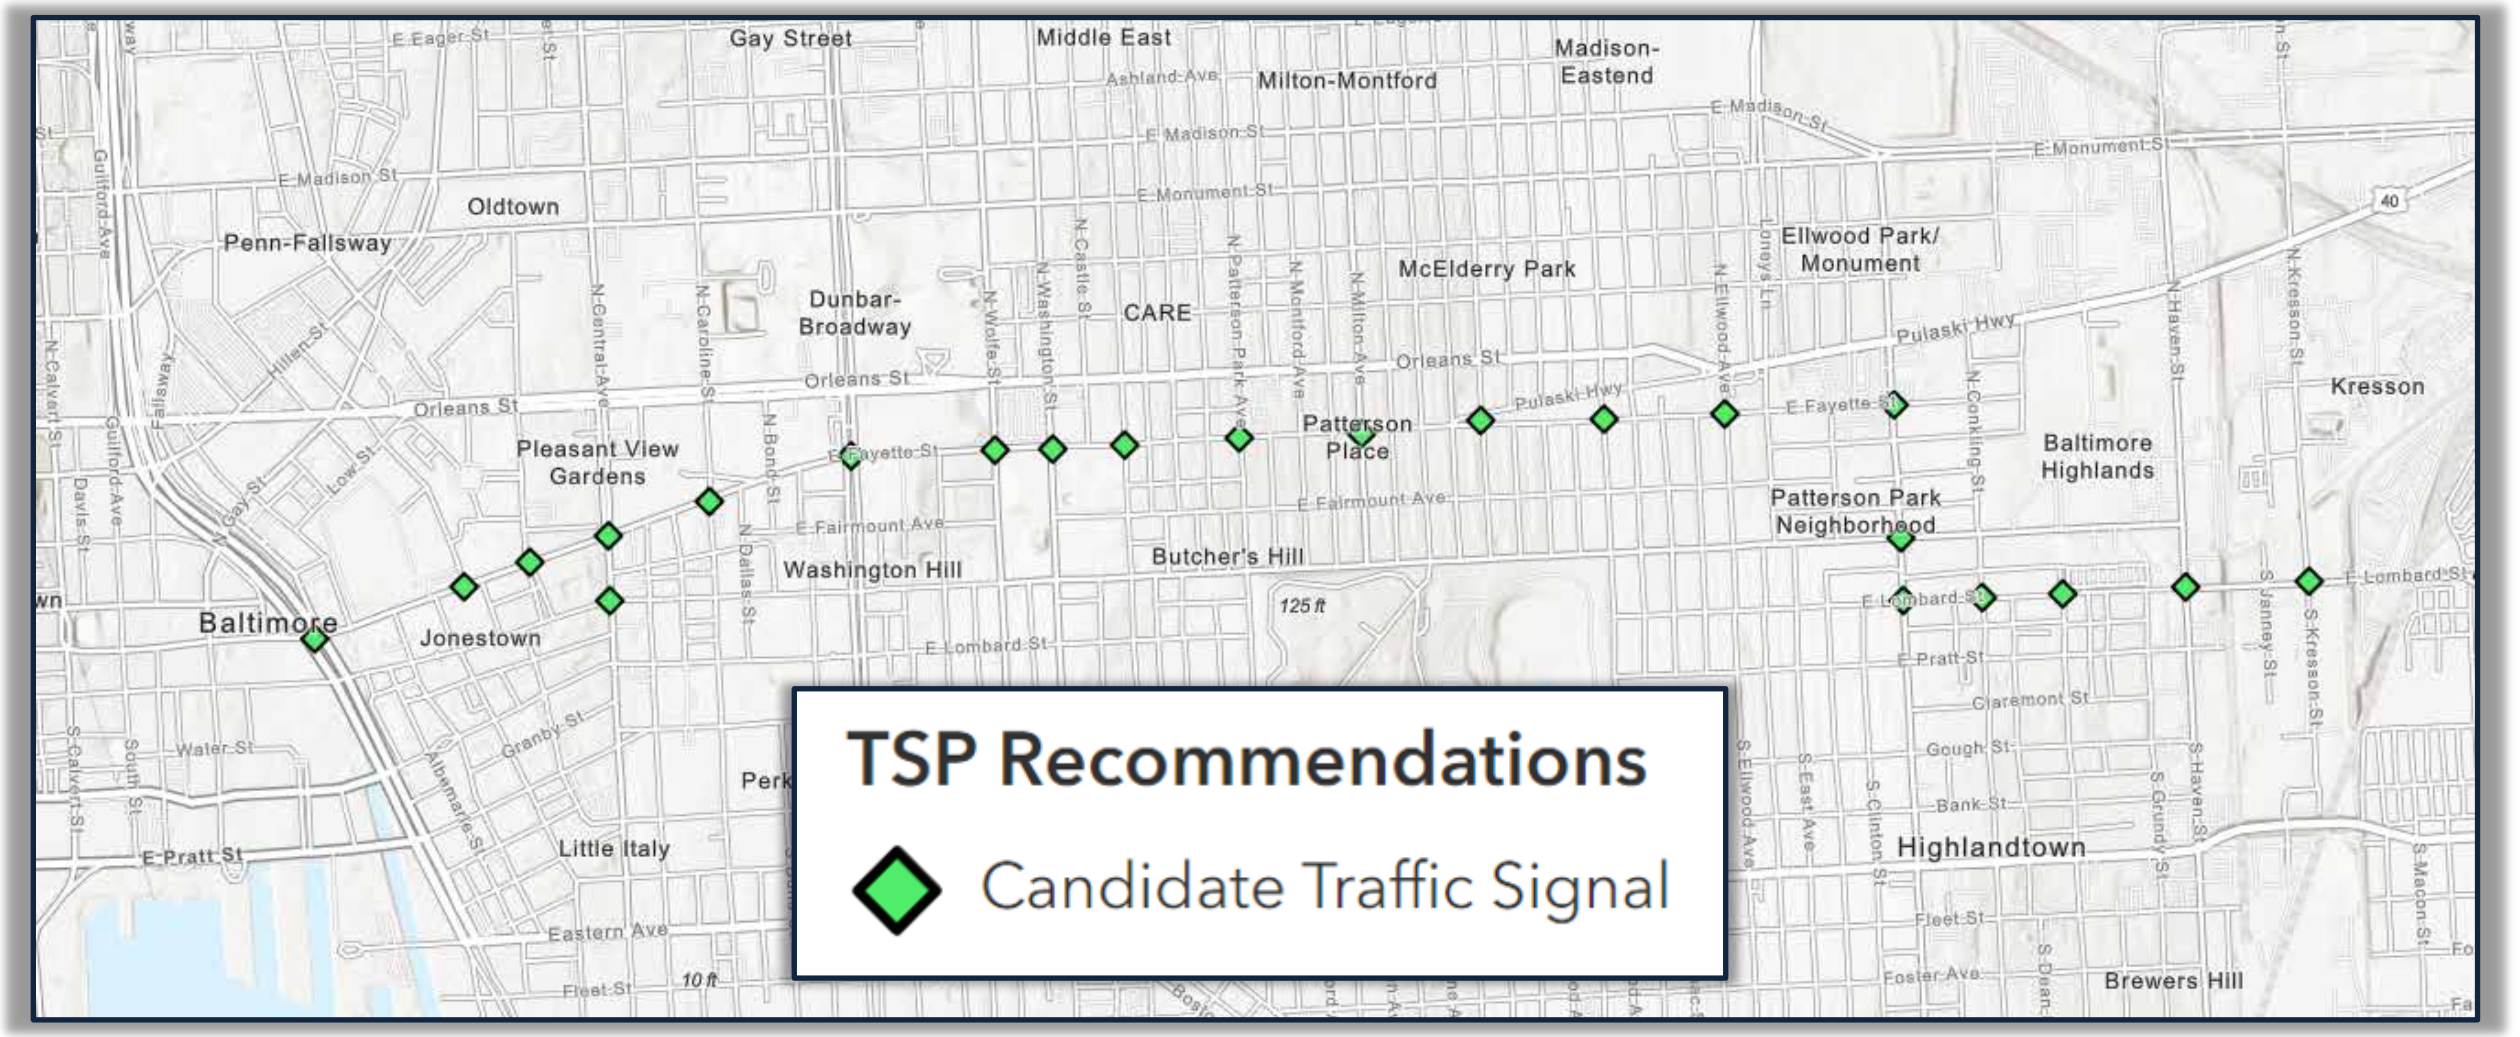
If the Right Lane was used for a Bus Lane then **224** utilized parking spaces would be relocated. There are **238** unused spaces on blocks nearby.

RAISE – Multiple Choice

How do you feel about providing more reliable and efficient transit on Fayette with a dedicated bus lane?

A. Great Idea- Transit should be prioritized in this area.
B. Good- If I know I can find parking a block or so away.
C. Unsure - Maybe if I could still park on Fayette during certain hours.
D. Bad Idea!– Parking should be prioritized over transit service.

Transit Signal Priority Map



Walking/Rolling & Waiting

- Upgraded shelters, lighting, and amenities improve safety, cleanliness, and comfort while waiting.
- Curb ramp and sidewalk improvements are needed throughout this segment.
